Work Experience:

Extensive knowledge of content production; music, film, graphics, and technology. I am a highly experienced creative polymath, specializing in content production, and disruptive technology.

For decades I have worked as a recording engineer, session musician/synthesist, and producer. I code, design websites, create graphics for web and print publishing with a solid understanding of interrelated cross-platform transmedia production and output formatting.

I prefer using my content as an example of the skillset and abilities I offer to clients as:

Filmmaker, Cinematographer, Still Photographer, Video Editor, Sound Design, Soundtrack Composition, Recording Engineer, Mixer, Graphics Design, Web Design, Researcher, Writer, Ghost Composer, Music Supervisor. I also have a large library of existing compositions.

Gerald Morse, "Z" has been instrumental to the market penetration for my company with stunning visualization capabilities, design, and automation. Low key, extremely competent, and able to translate vision into reality. Highly recommend.

Melinda Morton

Real Estate Professional at Big Sky Dream Properties

Zedekiah did an amazing job creating a beautiful website for my company Big Sky Dream Properties! He worked endless hours and aimed to please in every way to make sure I was happy with the finished product. He also did a property film for me for one of my high-end listings, which I am sure help in the sale of the property. I highly recommend him to anyone who wants a true professional with a lot of experience!
